

government workspace solutions

corby

Introducing the Corby collection of wood veneer desks, tables and storage elements. Christopher Wright has reflected on the mid-century modern vernacular to design a unique series of workplace furnishings that reward a new generation of pioneers and nation builders.

evolve systems

Today's workplaces are evolving along with the needs of the people who inhabit them. Spaces need to flex and adapt to support how, where and when people want to work. Evolve® offers tailored solutions that shape space, connect people and support new ways of working. The backbone to building complete office landscapes, Evolve supports your needs now and tomorrow.

compile systems

Compile panels and universal corner posts ship with pre-assembled “Quick Connect”, which make it one of the easiest system products to install and reconfigure. Aluminum raceway covers hinge upward and lock in place, or can be easily removed providing open access and better protection, for power and data in the base of the panel.

zira

Components can be joined together to form multiple work groups or can be freestanding for single workstation configurations. With such an array of components and options, Zira can accommodate small spaces through tall spaces, and of course, everything in between.

streamline

StreamLINE series incorporates a rich laminate top with a sturdy steel chasis. This combination is great for heavy duty environments such as offices, schools, warehouses and factories.

bridges II

Bridges II allows you to connect the dots in different ways from tables to benching, desking to systems. Redefine how you connect and share. Bridges II provides the tools for you to achieve so much more.

height adjustable tables

Electric height adjustable tables allow you to move freely between sitting and standing without interrupting your work. Global offers competitively priced products and is sure to keep even the budget minded user happy.

bungee

The Bungee family of tables comes complete with a selection of table top shapes and legs to meet a spectrum of planning possibilities. Versatile, affordable and efficient, Bungee is ideal for classrooms, training settings, boardrooms, flex spaces or any other settings where flexibility and growth need to be accommodated.

It's a simple thing done right. The right proportions. Flawless surfaces. Perfect structure. Squares or rounds at the floor with a gentle float. All the sizes. All the heights. All the finishes. It's the table program that is sure to become your favorite spec.

swap tables

filing + storage

vion

The Vion family is not only design savvy, but is adaptable to any office or meeting room environment. Two back heights and five mechanisms are offered along with mesh and upholstered back varieties. With the inclusion of drafting stools, guest seating, counter height and bar height stools, as well as heavy duty models, the Vion family becomes an excellent choice for the modern office.

solar

A beautifully fluid structure and integrated mesh surface come together in this design from Paul Brooks. The one-piece frame and matching base are available in Alabaster and Asphalt along with four coordinating mesh colors. An integrated swivel tilt mechanism supports meeting and collaborative applications. Solar exceeds BIFMA standards for commercial applications and is backed by Global's Lifetime Warranty.

global accord

Global Accord is an elegant and refined seating series designed by Zooey Chu. It features a finely detailed Polished Aluminum arm with a sling style back, upholstered with rolled and pleated details, and is available in an array of fabric, vinyl and leather options. Clean simple lines make Global Accord the perfect choice for meeting rooms, boardrooms and private offices.

luray

Luray provides ample proportions and full back support in an upholstered seating series to keep participants at their best. The polished aluminum arm can be specified with a urethane or wood top cap. Contrasting stitching is also available to complement a wide selection of Global textiles and quality leather coverings.

river

Bring people together in a place where ideas, insight and inspiration can be shared. River supports an endless array of curvilinear and rectilinear configurations with three back heights and benches. Seating and tables can be specified with power and USB outlets for mobile devices. An optional HT construction lets River overachieve in high traffic, high demand environments such as airports and universities.

Primacare Modular Lounge is built to last in demanding healthcare environments. Modular chair and table models easily create functional, flexible configurations in waiting areas. The lounge series puts safety first with weighted options, tamperproof fasteners and contraband proofing for behavioral health applications.

primacare modular

primacare

Primacare is a new benchmark in healthcare seating. Full featured with great looks and quite possibly the most extensive offering of its kind for both acute care and long term care applications. As the name implies, Primacare is a first for both caregivers and specifiers.
