

compile systems

PROTECTING THE ENVIRONMENT FOR FUTURE GENERATIONS

Our environmental success story began with the challenge to create an office system that would meet today's business requirements while maintaining a firm commitment to save and protect the environment.

Sustainability became a part of the creative focus and development of Compile that incorporates the latest technology and design features to provide excellent performance at a competitive price.

As government and industry environment ratings such as LEEDS & Greenguard become more prevalent, Compile offers designers and architects functional, attractive, and economical office designs that meet these standards.

Evolve Furniture Group is a leader in reducing waste in the manufacturing of its products as well as utilizing recycled materials wherever possible. We make extensive use of recycled plastic and wood waste from other Global factories.

Evolve Furniture Group is committed to the continuous improvement of our environmental systems, the prevention of pollution, and to comply with both the spirit and the letter of all relevant environmental legislation.

Compile Panels are 100% recyclable at the end of their lifespan. Nothing from an Evolve Panel needs to end up in a landfill.

SUSTAINABILITY INFORMATION

Compile offers fabrics that are made from 100% recycled polyester, which means less waste going to landfills. These fabrics also reduced the demand for petroleum products, and decrease the environmental impacts of processing those petroleum products into polyester.

Compile's epoxy powder coating process involves no liquids and is solvent free. It contains no harmful VOC's or lead. Up to 99% of over sprayed powdered is reclaimed, mixed with virgin powder and reused.

Compile's entire panel is up to 82% recycled.

Compile masonite is up to 85% recycled.

Compile's entire product line is up to 99% recyclable.

PANELS

- Panel Fabric modules consist of Module Frames, Module Interiors and Fabric Skins.

Fabric

- Fabric offerings include selections woven with 100% recycled yarn.

Panel Frame

- Typical workstation contains up to 62.2% recycled material.
- Panel is made of 82.3% recycled material.
- Acoustic panels are light tackable with 0.70 NRC and a 26 STC rating.
- Non Acoustic panels are not tackable with 0.17 NRC and a 28 STC rating.
- Raceway covers are aluminum.
- Plastic top cap vs Aluminum top cap.

Metal Components/Raceway Finish

- All aluminum components are painted with environmentally friendly epoxy powder.
- Raceway interiors are coated with recycled epoxy powder.
- The entire Compile Panel and the processes used to manufacture it are designed to save and protect the environment. Compile Panels are made from recycled materials and are 99% recyclable.

Panel Options

- Compile Panels come in 4 heights: 30", 42", 54" and 66".
- Panel widths come in 7 sizes including: 24", 30", 36", 42", 48", 54" and 60".
- Panels conform to CGSB and ANSI/BIFMA standards.
 - This is your assurance that the quality, and performance level of these Panels have been tested to equal or exceed the requirements of the US government.
- Rigid, aluminum Panel Frame is 2 3/8" thick.
- Aluminum Panel Frame combined with easy to assemble "Quick Connect" clips, create a rigid Panel Wall.
- Levelling glides extend 2". Enables the client to deal with severe undulations in the flooring levels of a building.
- Compile makes it easy to select a Panel function that is suitable for your application.
- Compile makes it easy to select a Panel type and height that is suitable for your application.

VOICE/DATA AND ELECTRICAL POWER

- Voice/data cables can be inserted at the base. 8 wire, 4 circuit electrical capability, 2 utility + 2 dedicated circuits, each with 10 gauge (oversized) neutrals. All circuits can support up to 20 amps (15 CSA).
- Raceway Cover opening sizes conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.345"x2.680".
- Panels 24" wide include raceway covers with one knockout.
- Panels 30" wide include raceway covers with two knockouts.

- Panels 36"-60" wide include raceway covers with three knockouts.
- Panels and electrical components are CSA/UL approved.
- Compile panel raceway is roughly 2.13" x 4.6" without power distribution housing installed. With power distribution housing installed inside, the dimension is reduced to roughly 2.13" x 2.13
- The base raceway cavity accommodates 50 .25" diameter communication cables without power installed or 30 .25" diameter communication cables with power installed.
- 90-degree posts accommodate 25 .25" diameter communication cables without a ceiling infeed or 20 .25" diameter communication cables with a ceiling infeed installed.
- 120-degree posts may not be utilized for power infeeds or communication cables. 90-degree posts may be utilized at the end of a 120-degree configuration if ceiling infeed of power and/or data cables is required.
- No tools are required to install electrical in the Compile Panel System.

WORKSURFACES

- 1" thick worksurfaces come in a variety of shapes and sizes. Essentially, they are 24" or 30" deep and are available in 6" increments from 24" to 84" wide.
- Cable scoops located at the back of each Worksurface provide routing of power and data cables.
- This convenient feature, together with a 3/8" gap between the Worksurface and the Panel, allows access to cables without having grommet holes in the Worksurface.
- With this choice of product, we can tailor each installation to your requirements. The addition of custom sizes shows a commitment to client satisfaction that not every manufacturer offers.
- Thermally fused laminate tops are standard.
- All Worksurfaces utilize balanced construction.
- Predrilled holes in worksurfaces enable installer to properly align worksurface.

STORAGE

- 19", 23" and 29" deep Pedestals. Freestanding and Worksurface supporting options available.
- Drawer divider and pencil tray included in all Freestanding Pedestals containing box drawers. Drawer divider and pencil tray not included in Worksurface Supporting Pedestals.
- Adjustable glides are accessible from the inside of the cabinet.
- Positive and secure locking system on all Pedestals is standard.
- Full height drawer sides are standard on all file drawers. This enables you to hang files from the drawer side so no extra hardware is necessary. File drawers accept letter sized files. Optional file bars are available to file legal and metric sized files.
- Steel construction guarantees the performance of the product over the long term. Welded joints with a full top, back and base ensure that the Pedestal will

sit square and adequately support the Worksurface where necessary.

- Worksurface supporting Pedestals are standard with Compile.
- Shelves feature all metal construction.
- All storage components as well as the Panel Frames are epoxy powder coated.
- Glides enable you to level the cabinet to the floor and or Worksurface. The convenient adjustment feature allows the installer to adjust the height of the cabinet while it is under the Worksurface. This saves time in the installation process.
- For additional security and peace of mind, locks can be keyed alike or master keyed for additional convenience. Standard recessed handle offers uncluttered aesthetic.
- "Environmentally friendly" epoxy powder coat is 15 times more durable in independent testing than a wet paint spray. This helps maintain the look of the product over its many years of service.

WARRANTIES AND PERFORMANCE

- A Lifetime Warranty
- Non Obsolescence Warranty
- Reduced cost of assembly and reconfiguration
- ISO9001:2008 Registered
- ISO14001:2004 Registered
- GreenGuard Certified
- Level 2 Certified
- ANSI/BIFMA CGSB testing on all products
- For piece of mind over the long term, we cover you with a comprehensive warranty that is supported by our dealer network.
- Some installation companies claim that the Compile Panels System can be installed in half the time it takes to install most of our competitor's segmented panels. This cost saving can amount to thousands of dollars over the lifetime of our furniture.
- Your assurance of consistent quality to an international standard. Evolve Furniture Group is committed to design, manufacture and distribute superior quality office furniture, which meets or exceeds the requirements of our customers.
- Confirmation that Evolve Furniture Group is committed (1) to providing product that, through their entire life cycle, minimize negative environmental impacts on the environment, (2) to continuous improvement to our environmental systems and programs and (3) to comply to all relevant environmental legislation and regulations.
- Compile Panel System can help a company meet LEED requirements for office furniture.
- Compile components are tested to the highest standard in the industry. This is your assurance of quality and longevity.
- Panel textiles, adjustable keyboard mechanisms, task lights and electrical devices = five (5) Years
- Other parts = Lifetime Warranty

Compile products have been coded using alphas that correspond with the product name. This creates an easy-to-remember code. The following breaks down the coding logic and highlights the required code components needed to order within each product category.

Panels

Example: Product: Compile Fabric Monolithic Panel

Base Code found on the product page to the left of the product name and a simple product illustration.

CoMpile product line

Fabric-covered Panel

Monolithic panel category

2 CMFM6648

Panel size offering. Listed on every product page with price listing.
Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

3 CMFM6648-BK

Standard paint code for frame. See the Fabric & Finish listing in this section.

To specify fabric for a Compile Panel, please note:

4 CMFM6648-BK-B84A

Fabric code for all modules on both sides of the Panel*. See the Fabric & Finish listing in this section.

* NOTE: If different fabrics are to be included on a Compile Panel, please use the following ordering format. **Start at the bottom** of one side of a Panel and work to the top module of that Panel. Then start the process over on the other side of the Panel. As an example:

Electrical

Example: Product: Flexible Mesh Jumper Cable

Base Code found on the product page to the left of the product name and a simple product illustration.

Compile product line.

Electrical category.

Cable Panel.

Pass-Through.

Product size offering – length. Listed on every product page with price listing. Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

Worksurfaces

Example: Product: Curvilinear Worksurface – Left

Base Code found on the product page to the left of the product name and a simple product illustration.

Compile product line.

Worksurface category.

Curvilinear shape.

Left hand configuration.

Worksurface size offering. Listed on every product page with price listing. Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

Laminate code for surface. See the Fabric & Finish listing in this section.

PVC code for trim. See the Fabric & Finish listing in this section.

Worksurfaces – Hardware

Example: Product: End Panel

Base Code found on the product page to the left of the product name and a simple product illustration.

C Compile product line.

H Hardware category.

E End Panel.

P End Panel.

Laminte code for End Panel. See the Fabric & Finish listing in this section.

Storage

Example: Product: Box, Box, File Pedestal

Base Code found on the product page to the left of the product name and a simple product illustration.

C Compile product line.

S Storage category.

19 Product Series.

23" Pedestal depth in inches.

B Box drawer, B Box drawer, F File drawer.

panels

THE INFORMATION LISTED BELOW PROVIDES YOU WITH BASIC FEATURES OF COMPILE PANELS:

- Compile Panels are:
 - Available in four (4) heights: 30", 42", 54" and 66"; and seven (7) widths: 24", 30", 36", 42", 48", 54" and 60".
 - 2 3/8" thick.
 - Monolithic, Segmented, Acoustic, and Glazed.
- Acoustic panels are lightly tackable with 0.70 NRC rating and a 26 STC rating.
- Compile Non - Acoustic panels are not tackable.
- Raceway openings are 1.375" x 2.680".
- Panels 24" wide include raceway covers with one knockout.
- Panels 30" wide include raceway covers with three knockouts.
- Panels 36"- 60" wide include raceway covers with three knockouts.
- Opposite sides of each Module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at the highest grade.
- Standard with aluminum frame.
- Individual fabric covered acoustic modules incorporated into an aluminum frame.
- Reinforced aluminum raceway covers are included when ordering panel packages or may be ordered and shipped separately. Raceway covers can be replaced in the field to change a panel from non-powered to powered (or vice versa).
- Base raceway lifts up and locks in an upright 90-degree position, or can be removed for open access to base raceway.
- Electric knockouts in the raceway have black plastic covers that snap into place from the outside of the cover, when a duplex is not required. Electric knockout covers must be specified separately. Available in standard paint finishes.
- 3 panel connector brackets per side for 30"h, 42"h and 54"h come installed on panels and universal posts.
- 4 panel connector brackets per side for 66"h panels come installed on panels and universal posts.
- Panel connector brackets are opposite direction of each other per panel side, and can be removed with one screw per bracket.

Package Components

Package 1 CMFM6636N0

- A. (1) 66"h x 36"w Monolithic Fabric Panel
- B. (2) 36"w Raceway Covers Without Knockouts

Package 2 CMFF6636P2

- C. (1) 66"h x 36"w Single Segmented Fabric Panel
- D. (2) 36"w Raceway Covers With Knockouts
- E. (1) 36"w Power Distribution Housing

Package 3 CHP66-2

- F. (1) 66"h Universal Corner Post
- G. (2) Trim Inserts for 66" Universal Corner Post
- H. (1) Post Base Cover for 2-Way Application
- I. "Quick Connect" comes standard with Panels and Universal Corner Post

CMFMXXYYN - NON-POWERED COMPILE FABRIC MONOLITHIC PANEL PACKAGE

- Non powered.
- Includes one panel and two raceway covers with no punchouts.
- Individual fabric-covered modules incorporated into an aluminum frame.
- Opposite sides of each module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- Panels are not tackable or acoustical.
- Note: Trim is not required at a straight connection between two panels of the same height.
- 3 Panel connector brackets per side come standard with 30"h, 42"h, 48"h and 54"h panels.
- 4 Panel connector brackets per side come standard with 66"h panels.
- Panels contain leveling glides. Maximum extension of glides is 2".

Raceway Cover Options (1) Shown

- **RACEWAY COVER OPTIONS (Suffix)**
 - (0) No Knockouts Side 1 and Side 2
 - (1) Knockouts Side 1 – No Knockout Side 2
 - (2) Knockouts Side 1 and Side 2

CMFFXXYY_ - POWERED COMPILE SINGLE SEGMENTED FABRIC PANEL PACKAGE

- With power distribution harness.
- Includes one panel, power harness, one raceway cover with punchout and one raceway cover with no punchout.
- Individual fabric-covered modules incorporated into an aluminum frame.
- Opposite sides of each module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- Panels are not tackable or acoustical.
- Note: Trim is not required at a straight connection between two panels of the same height.
- 3 Panel connector brackets per side come standard with 42"h, 48"h and 54"h panels.
- 4 Panel connector brackets per side come standard with 66"h panels.
- Panels contain leveling glides. Maximum extension of glides is 2".

CMFWXXYP_ - SEGMENTED WRITE BOARD SINGLE SIDED PANEL – POWERED

- Individual fabric or write board covered modules incorporated into an aluminum frame.
- Modules have write board on one side and fabric on the other at the top and fabric on two sides at the bottom.
- Opposite sides of each module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- Panels are not tackable.
- Note: Trim is not required at a straight connection between two panels of the same height.
- 3 Panel connector brackets per side come standard with 48”h. and 54”h. panels.
- 4 Panel connector brackets per side come standard with 66”h. panels.
- 24” wide panels have two punchouts, one for electrical and one for data.
- 30” wide panels and wider have three punchouts, two for electrical and one for data.

CMPDSL/R - SLIDING PRIVACY DOOR

- Sliding Privacy Door attaches to Compile Panels using standard connectors to add privacy. Brackets that attach to Connectors are included.
 - This door must mount on panels of equal width. It is also intended to be used for openings of equal width.
 - Left (L) or right-handedness (R) is determined by the direction of door movement (from compressed to expanded position), while facing the door on the panel mounted side.
- Painted frame may match any Compile Standard Paint Finish. The door interior is standard with a louvered acrylic finish.
 - STL paint on Compile sliding doors is a smooth finish paint comparable to the standard STL paint offering.”
 - Telescoping arms eliminate the need for thresholds, wheels or casters.
 - Thickness of louvered acrylic is 6 mm.

electrical

STEP-BY-STEP SPECIFICATION – 8-WIRE ELECTRICAL SYSTEM

Step

1

Determine the location of the source power entering the Panel Run.

1. At the base of the Panel.

(a) Use CE8FR1 Reversible Floor Power Entry (default to CE8FR1).

(b) Select the Panel to which the Floor Power Entry will be attached.

(c) Select the side of the Panel and the receptacle outlet to which the Floor Power Entry is to be attached.

Note: When using Pass Through Connectors in conditions other than a straight line, you must use a CE8CI-1 I-Connector along with a CE8CP17 Flexible Mesh Jumper Cable through the corner post.

Step

2

Determine which Panels are to be powered.

1. Use CE8PD Power Distribution Housing that corresponds with the width of the Panel.

Step

3

Connect power to the powered Panels.

1. Use CE8CP17 Flexible Mesh Jumper Cable between two adjacent powered Panels.

2. Use CE8CP17 Flexible Mesh Jumper Cable between two adjacent powered Panels separated by a post.

3. Use CE8CP17 Flexible Mesh cable (to turn the post) and a CE8CI-1 "I" Connector to attach the CE8CP Pass Through Cable.

(a) The length of the Pass-Through Cable is calculated by adding together the widths of the non-powered Panels that separate the two powered Panels and applying an additional 16" to the total. (CE8PD Power Distribution Housing is positioned 8" in from the ends of the powered Panel.)

(b) An additional 3" must be added to the Pass-Through Cable for each post that the cable passes through.

(c) Subtract 17" from the total length to find the pass through cable length required.

4. From the price list, select the CE8CP Pass-Through Cable that matches the calculated length. If the length is between listed sizes, use the next size up.

Step

4

Determine the location and circuitry of the receptacles.

1. Each powered Panel has four (4) potential locations for CE8RD Duplex Receptacles – 2 per side. (Exception: 24" wide Panel has only two potential locations – 1 per side.)

2. At each receptacle location there is a choice of four circuit options. Select a circuit option for each location. Circuits one & two are utility circuits; circuits A & B are dedicated circuits.

COMPILE'S 8-WIRE ELECTRICAL SYSTEM

Electrical
This modification allows for the integration of the commonly required "2+2" configuration (2 utility circuits, 2 dedicated circuits) found in the source power of most of today's North American buildings.

- This system is rated for connection to:**
- 1. A grounded 120/240V, single phase, 20 A, 60Hz
 - 2. A 120/208V, 3 phase, 20 A, 60Hz branch circuit

EQUIPMENT AMPERAGE

Calculator	0.25
Electric Eraser	0.50
Pencil Sharpener.....	1.00
Radio	0.05
Paper Shredder.....	4.40 - 13.00
Electric Typewriter	1.20
Personal Computer	2.00 - 4.00
Video Display Terminal	0.08
Draft / Letter Quality Printer	1.20 - 3.00
Laser Printer	5.00 - 8.00
Processor / Disk Unit.....	1.00 - 10.00

Data/Comm
Compile's duplex receptacle openings (1.345 x 2.80) will conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38 +/- .035 x 2.71 +/- .04

Desk Top Plotter	1.50
Fan	1.00
Heater	8.50 - 12.50
Coffee Pot.....	15.00
Task Light	1.00
Slide Projector	2.00 - 6.00

Since some equipment, such as large copiers, printers, plotters, heaters and coffee makers would occupy most of the circuit capacity, it is recommended that such devices be supplied with the power directly from the wall or building receptacle.

Wiring Schematic

Defining "2 + 2" Wiring Configurations

2 + 2 Configuration (8 wire, 4 circuit)

Two Utility Circuits [Compile's new #1 & #2 circuits] share one neutral wire and one ground wire.

(2 hot [circuit] wires + 1 neutral wire*** + 1 green ground wire* = 4 wires)

Two Dedicated Circuits [Compile's new "A" & "B" circuits] share one neutral wire and one ground wire.

(2 hot [circuit] wires + 1 neutral wire*** + 1 green/yellow ground wire** = 4 wires)

Note:

It is the ground wire that makes the difference between "Utility" and "Dedicated" circuits. Refer to Wiring Schematics found above.

* A Green ground wire is a "system" ground. This means it could be grounded to any piece of metal, including the Panel.

** A Green/Yellow ground wire is isolated, within the wiring conduit, all the way back to the box at the source (building ground).

*** All Neutral Wires are 10 gauge rather than 12 gauge meaning they are larger than normal, allowing greater protection against "noise" or interference on the circuit.

This page provides an exploded view of a sample configuration highlighting each **Electrical** component required when specifying this configuration.

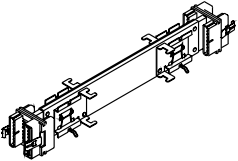

Components

- A. CE8PD36 Power Distribution Housing
Note: 8 wire, 4 circuits, 2+2 configuration
- B. CE8CP17 Flexible Mesh Jumper Cable (connects two panels side by side or separated by a post)
- C. CE8RD Duplex Receptacle
- D. CE8CI-1 "I" Connector
- E. CE8CP Pass-Through Cable
Note: Must run in a straight line application only
Note: Pass-Through Extension Cable (CE8CPF154) available – extends power capability beyond 208".

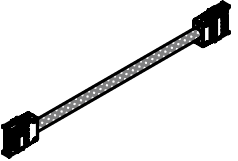

E8PD - POWER DISTRIBUTION HOUSING

- Power housing is specified per panel size (e.g. CE8PD36 is for use in a 36" panel).
- 8 wire, 4 circuits (4th circuit dedicated).
- Power distribution housing is required for each powered panel, the power distribution housing should equal the width of the panel that it is specified in.
- Provides two duplex receptacle ports per panel side on all panel widths except the 24" wide panel.
- 24" wide panel allows for only one (1) duplex receptacle on one panel side.
- Each power distribution housing supports 15-20 amps.
- Must specify Raceway Cover with Knockouts on panels, where Power Distribution Housings will be utilized.

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES

CE8CP17 - FLEXIBLE MESH JUMPER CABLE

- 17" mesh jumper.
- Jumper cable is used to pass through a post or connect two panels together.

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES		
			H	W	D
	Flexible Mesh Jumper Cable	CE8CP17		17	

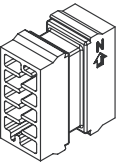

CE8CP - PASS THROUGH CABLE

- Flexible metal conduit is used to distribute electrical power through non-powered panels.
 - Metal conduit pass through cables should be in used in a straight runs. Metal conduit pass through cables cannot pass through a post.
 - Flexible conduit is required to turn a post. This only comes as 17" w. If panels at the posts do not all have power distribution housings, they must be added even if duplexes are not specified.
- To calculate the length of a Pass-Through Cable, add the widths of the non-powered panels separating the powered panels (panels with distribution housing attached). To this add 16" (distance from the edge of the panel to the distribution housing x 2).
 - Add additional 3" when passing through a corner post. See the Tips at the beginning of the section for more details.

EVLEDES - STARTER LED TASK LIGHT

- Undercabinet slim profile LED linear light fixture with lens and On/Off switch.
 - May be used as stand-alone or extended with add-on section below (EVLEDES_DSC).
 - Plug-in power supply with 72" cord length plus 78" DC cable.
- Includes magnet mounting bracket with optional adhesive metal plate.
 - Light enclosure in clear anodizing finish. Color temperature cool white 4000K.
 - Lifespan rated 30,000 hours.

worksurfaces

The information listed below provides you with basic features of Compile Worksurfaces.

- Compile thermally fused Worksurfaces are 1" thick and are finished with 3 mm PVC edging on all sides.
- Worksurfaces are predrilled to enable proper alignment with worksurface supports.
- Standard laminate offerings are available in thermally-fused (T). See laminate listings for details.
- Wood grain laminates on corner Worksurfaces up to 42" available in laminate run diagonally for an upcharge. Otherwise, standard horizontal application of laminate will be used.
- Most wood grain laminate Worksurfaces will have matching woodgrain trim unless specified otherwise.
- Depth of the Worksurface scoops are 1 1/8" when measured from the Panel the Worksurface is attached to.
- All Worksurfaces require support items. These are priced separately within this section.
- Grain Direction for Worksurfaces are as follows:

- Communication and electrical wires are routed through a cable scoop located at the back of the Worksurface. When specifying a Straight Worksurface (CWS) or a Curvilinear Worksurface (CWVL), note that the number of cable scoops depends upon the width of the Worksurface. All other Worksurface shapes have one scoop on Panel edges.

This page provides a three dimensional view of a sample configuration highlighting each **Worksurface** component required when specifying this configuration.

Components

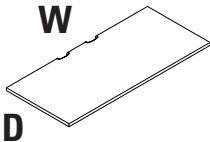

- A.** CWVL2436 Curvilinear Worksurface – Left
Note: When deepest end equals 24", opposite depth is 18"
When deepest end equals 30", opposite depth is 24"
- B.** CWCC3618 Corner Curved Worksurface
- C.** CWVR2436 Curvilinear Worksurface – Right

WORKSURFACES

CWS - RECTANGULAR WORKSURFACES

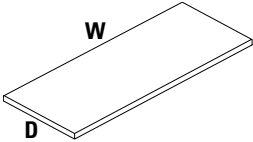

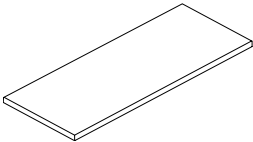

- All tops are thermally fused 1" thick with pilot holes to enable proper alignment with worksurface supports. Wood screws must be used.
 - Compile worksurfaces feature a 3mm edge.
 - Support hardware must be ordered separately. See the listings in this section.
- Width and depth dimensions listed include a nominal measurement (3/8") to account for wire management between the worksurface and adjoining panel.
 - All surfaces over 48" will have two scoops, all others have one.
 - Worksurfaces greater than 48" wide require additional structural support.

LATERAL FILE FEATURES

DRAWERS/SHELVES

- Drawer interlocking system
- Three-stage, anti-bounceback suspension
- Pre-installed, side-to-side file bars for letter, legal and A4
- Front-to-back file bars – optional
- Full-height dividers – optional
- Angled full pull

CONSTRUCTION

- Top stiffener bar
- Corner gussets
- Four (4) ganging drill points are marked to ensure correct positioning
- Cam lock included
- Leveling glides
- Counterweights are included in 2, 3 and 4 drawer cabinets. BIFMA does not require counterweight in 5 drawer cabinets.

PEDESTAL FEATURES

DRAWERS/SHELVES

- All drawer fronts feature a recessed, angled full pull.
- Drawers feature ball bearing suspension.

CONSTRUCTION

- Central Core removable cam locks.
- Pedestals are 15” wide.
- Counterweight is standard on all Freestanding models.
- Worksurfaces supporting models have holes drilled in top to attach underneath a worksurface.

NOTES

textiles and finishes

Care and Cleaning

The following guide encompasses the Compile System line.

The guide was compiled using information from our “raw” material suppliers and is relevant only to our standard offering finishes and textiles.

FABRICS

To extend the life of your upholstered panels, regularly dust the panel to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

PANEL FRAMES

The panel frames are manufactured out of sturdy aluminum with a powder coated enamel paint finish. To clean the frames of the panels, and all hardware associated with the Evolve line, simply utilize a clean, damp cloth. For stubborn stains on the panel frames, you may consider adding a mild detergent.

GLAZED PANELS

Cleaning of the glazing in panels should only be done with a damp lint-free cloth. A mild detergent can be used if necessary. Do not use paper towels in combination with a window cleaner-this may cause scratches to the glazing.

WORKSURFACES

The worksurfaces are manufactured using primarily Nevamar Brand laminates as the exposed surface. To properly clean these areas, it is best to use a clean, damp cloth and circular motion to prevent streaks. For stubborn stains, you are able to add a mild detergent to the water. Be certain not to use an ammonia-based solution. It will react with the PVC, or wood edge trim, causing permanent damage to the contacted areas.

ACCESSORIES

The accessories sold with the Evolve product line can be simply cleaned with a clean, damp cloth. If they are really dirty, a mild, non-abrasive solution may be added. Wipe with a damp cloth after the solution, and finally, a dry cloth.

GLOBAL - COM Department
17 West Stow Road
Marlton, NJ 08053 | 856.596.3390

Please contact your local EVOLVE CustomerCare representative for status of all COM requests. When textile is approved and an authorization number issued, a set of shipping instructions will be faxed or e-mailed to you.

Approved textiles are to be shipped to the address that will be included with instructions. Do not ship textiles to the address on this form. Dealer is responsible for the shipping expenses. Brokerage fees will be paid for by Global. However, duties imposed by North American Governments related to textile materials, content and Country of Origin, additional fees may apply and will be billed separately.

Please Note: C.O.M Textiles may not be shipped without shipping documents. GLOBAL is not responsible for any material shipped without the authorization number.

Please be advised that Global has phased out the use of textiles that contain certain Phthalates, including but not limited to: DEHP (di (2-ethylhexyl) phthalate), DBP (di-n-butyl phthalate), BBP (butyl benzyl phthalate) and DINP (di-isononyl phthalate) (collectively the "Listed Chemicals"). The Listed Chemicals are used in certain types of vinyls. Global cannot accept orders for textiles that contain the Listed Chemicals, if such orders are to be shipped to the U.S.A. or are intended for customer in the U.S.A. If you are not sure if the C.O.M you have selected contains the Listed Chemicals, please contact the manufacturer or supplier of the fabric to verify.

TERMS & CONDITIONS

APPLICATION OF STANDARD TERMS

Sales of Evolve products are made only on Evolve standard terms and conditions of sale which are contained in the Price Book and in Evolve's order acknowledgments. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Evolve's authorized personnel at its head office in Marlton, New Jersey. An offer by Purchaser of said terms and conditions shall not be binding until accepted by Evolve in writing.

All illustrations, specifications and prices in this Price List are based on the latest product information available at the time of publication. Evolve reserves the right to make changes, at any time and without prior notice, to prices, colors, materials, specifications and models offered.

PRICES AND PAYMENT

The prices shown in this Price List, as well as those quoted by Evolve, shall be in US dollars for orders shipped to destinations within the continental United States.

Prices listed herein are for standard product. Quotations for special product are available through Evolve Customer Support Department in Marlton, New Jersey.

If shipping date requested is more than 90 days from date of order Evolve shall use published list prices effective at the time of shipment.

Not included in the list price are special or export packing, unpacking and installation. Orders are invoiced at the time of shipment. The Customer agrees to pay a charge of 2% per month of invoices outstanding more than 30 days.

FOR PAYMENTS ONLY, MAIL TO:

Evolve Furniture Group, a division of:
Global Industries, Inc.
17 West Stow Road
P.O. Box 562
Marlton, New Jersey 08053

Any products sold shall remain the property of Evolve until fully paid for in cash. The Purchaser agrees to perform all acts which may be necessary to perfect and assure retention of title to such products to Evolve until such time as the goods have been paid for in full.

Freight charges will be prepaid by Evolve to destinations within the contiguous United States on shipments of \$10,000 list and greater. For shipments less than \$10,000 list, the freight charge will be 5% of the total list price.

Please note exception below:

All showroom and mock-up orders will be subject to actual freight charges.

Evolve shall, in its sole discretion, determine the most appropriate method of shipment routing and carrier. Shipments of less than a full trailer load (LTL) shall ship via common carrier. **These LTL shipments are not subject to specific delivery days or times.** Full trailer loads will provide for dedicated delivery time and schedule. Purchaser may request special packaging or method of shipment at Purchaser's sole expense.

TAXES

All sales, use, excise and other applicable taxes and the collection and reporting thereof (excluding only taxes on the net income of Evolve) are the Purchaser's responsibility and will be invoiced to the Purchaser. If Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish an appropriate exemption certificate to Evolve.

ORDER INFORMATION

Evolve requires that **all orders be submitted in writing** to avoid errors and/or duplication. Orders will be acknowledged with Evolve's acknowledgement forms governing the transaction. The details appearing on the acknowledgement will describe the items to be shipped to Purchaser who must ascertain that they are correct. If not correct, Purchaser should notify Evolve immediately by telephone or fax followed by written confirmation. Acknowledgment shows approximate shipping date of items ordered. **Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.** Orders with Customer's Own Material (C.O.M.), or missing or incorrect information (finish selections, fabric selections, etc.) will be scheduled for manufacturing upon receipt of COM or correct complete information. Purchaser must indicate if multiple shipping schedules are required including noting if the shipping date requested is longer than standard posted lead time. Each shipment will be invoiced at time of shipping and will be subject to payment terms described herein.

C.O.M. CUSTOMER'S OWN MATERIAL

Should Purchaser request a fabric, not standard to the Evolve upholstery line, Purchaser shall submit a sample of not less than two yards for approval. Evolve will determine whether fabric is suitable to manufacturing process and applicable UL or code requirements. Should Evolve be required to test such fabric, it shall so advise Purchaser, and Purchaser shall be responsible for all costs associated therewith. This includes all duty and brokerage fees.

Fabric yardage requirement will be determined by Evolve. An additional charge may be made to cover the cost of cutting, matching or sewing unusual or directional patterns. Evolve shall have no responsibility for condition, quality, performance, physical properties or any other aspect of C.O.M. For panels, price as if grade 1 fabric is used.

Evolve reserves the right to reject any C.O.M. deemed unsuitable.

Evolve reserves the right to cancel an order at any time if C.O.M. is, in the sole judgement of Evolve, inadequate for any reason.

CHANGES AND CANCELLATION

The order may not be changed or cancelled by Purchaser without the written consent of Evolve. This charge can be as much as 100% based upon proximity to scheduled shipment date. Special order items and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric has been cut.

DEPOSIT ON SPECIAL ORDERS

Orders for nonstandard products may, at Evolve's discretion, require deposit prior to scheduling of production, the amount of the deposit being credited against the total price of the project.

SUSPENSION

In the event that the Purchaser defaults in the payment of any sum due Evolve, or in the event the Purchaser's financial condition becomes unsatisfactory to Evolve, Evolve shall have the right at its option, upon written notice to the Purchaser, to cancel shipment of any goods, unless within ten (10) days of Purchaser's receipt of such notice Purchaser provides assurance of payment to Evolve in such form, content and/or amounts as Evolve, in its sole discretion, deems adequate.

COMBINED SHIPMENTS

Evolve will make every effort to combine shipments and orders on written request. However, acceptance of such request shall be with Evolve's sole discretion.

CODE RESTRICTIONS

Evolve portable furniture may be subject to local fire, electrical and/or building codes applicable to portable furniture. It shall be Purchaser's sole responsibility for the proper application of Evolve items within the limitations of such local codes, which may be different from area to area.

SERVICE

Service problems shall be handled by the authorized Evolve dealer. Where this cannot be accomplished on a local level, service problems should be referred to:

Evolve Furniture Group
Customer Support
17 West Stow Road
Marlton, New Jersey USA 08053
856-552-4000 888-827-2500
Attention: Evolve Operations Manager

TERMS & CONDITIONS

STORAGE

In the event Purchaser requests postponement of delivery beyond the acknowledged shipping date, Evolve may transfer the goods to storage on Purchaser's account and at Purchaser's risk and expense subject to a daily storage rate. Such transfer to storage shall be deemed shipment to Purchaser for all purposes, including invoicing and payment.

DELAYS

Evolve's order acknowledgement will state a shipping date which is Evolve's best estimate at the time the order is acknowledged. However, Evolve shall not incur any obligation or liability to Purchaser for failure to ship by a specified date. In addition, Evolve shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, act of enemies, delay or default in transportation, strike disputes among or between unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Evolve, whether of the class of causes enumerated or otherwise. Without limiting the generality of the foregoing, Evolve may, without causing any breach or incurring liability, allocate goods which are in short supply, regardless of the reasons therefore, among purchasers, in any manner which Evolve, in its sole discretion, deems advisable.

BACK CHARGES

Evolve will not accept charges for expense incurred by the Purchaser in expediting shipments or otherwise. Evolve will not accept charges for the repair of damage by others.

CLAIMS

All goods are sold F.O.B. Toronto, Canada, unless otherwise agreed to in writing by Evolve. Evolve is not responsible for damage which occurs in transit or in storage. The carrier signs for all goods received in good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Any claims made against Evolve for apparent defects, errors or shortages must be made by the Purchaser in writing, within fifteen (15) working days after any delivery. Failure by the Purchaser to make any claim against Evolve within the above-described fifteen days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

RETURNS

No returns of goods will be accepted without written consent and shipping instructions, including Evolve's Return Goods Authorization (R.G.A.) numbers, to Evolve. A minimum restocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Evolve in the condition in which they left the factory. No credit will be given if goods cannot be reused. Special order items and fabric-covered items are in no event subject to return. All returns must be approved and authorized in writing by Evolve Customer Support, Marlton, New Jersey.

LIFETIME WARRANTY

Evolve warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser. This warranty is made by Evolve only to original customers acquiring the product directly from Evolve's authorized dealers. The customer's sole remedy pursuant to this warranty is limited to repair or replacement of parts or product at Evolve's option. Consent from Evolve must be obtained before any warranty work is performed. This warranty shall not apply to any products which must be replaced because of normal wear and tear, negligence, abuse or "accident", shipping damage, or product use and installation other than in accordance with written instructions or warnings. It shall also not apply when product has been modified or altered, repaired or refurbished by someone other than Evolve or an authorized dealer or because of natural variations over which Evolve has no control. In the event of repair and/or replacement of any defective product, Evolve does not warrant matching color, grain, texture or dye lots. Evolve's warranty does not cover the cost of transportation or labor. Repair or replacement will be at Evolve's option. Evolve makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, expressed or implied, other than those set forth in this Price List. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Evolve be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

This Lifetime Warranty is NOT applicable to customers who use Evolve products for rental purposes and is effective only for products, parts or components manufactured after January 1, 2011.

Exceptions to this warranty include:

- Global fabrics and wood veneers, which are warranted for five years from date of delivery.
- Electrical components, which are warranted for ten years from the date of delivery.
- Moving parts such as glides, slides, casters, user-adjustable worksurface mechanisms, which are warranted for five years from date of delivery.

- Fading on fabric and wood veneers can be caused by exposure to U.V. rays/sunlight. Natural wood veneer, being a natural material, will have shade differences between veneer sheers, the difference will be more apparent between dye lots.

Evolve does not warrant color fastness on Customer's Own Material.

Because of natural variations over which Evolve has no control, this warranty does not extend to color, grain or texture of wood, and Evolve does not warrant matching of color, grain or texture.

Evolve makes no warranties, including implied warranties of merchantability and fitness for a particular purpose, other than the express warranties contained herein.

LIMITATION OF REMEDY

Purchaser's sole and exclusive remedy (excluding the repair or replacement of goods for breach of the express warranty above) for any matter or claim arising under or relating to these terms and conditions, the goods covered hereby and any transaction involving or relating to such goods, whether in contract, tort (including negligence) or otherwise, shall be payment of the lesser of the cost to repair or replace said product or the purchase price for the goods to which the claim relates. In no event shall Evolve be liable for any special, indirect, consequential, or incidental damages, including without limitation, damages for loss of business profits, business interruptions, or loss of information.

EVOLVE'S WARRANTY DOES NOT APPLY (FOR ANY PRODUCT CATEGORY) TO THE FOLLOWING:

- Failures due to wear and tear
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Evolve's written instructions and warnings
- Modifications, attachments or repair methods not approved by Evolve
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials and color matching of textiles
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes

Evolve's warranty applies to products sold within the United States of America, Mexico, the Commonwealth of Puerto Rico and Canada.
